

RIG 713

easternwell[™]
all together better

General Particulars

The Fraste FS250 is a track mounted multipurpose rig capable of drilling to 800m air (99m) and 700m HQ. The Fraste is compact and manoeuvrable with a small footprint, suited to difficult terrain and environmentally sensitive areas. Track mounted rigs are mobile in wet conditions. Our vehicles are late model, low mileage. Our equipment is coal mine compliant inclusive of fire suppression systems, remote E-stops, and our lifting equipment is all tagged and tested (D-shackles, winches etc.). Our rigs are supported by a full range of compressors, boosters, support trucks, fuel tanks and water trucks.

Carrier

Type:	Track mounted multipurpose rig
Chassis:	Track mounted
Width:	2.80m
Length:	10.90m
Weight:	GVM 21Ton

Rig

Drilling Methods:	Wireline diamond coring (HQ, PQ and NQ); conventional air/mud (chipping)
Model:	Frate FS250

Mast

Height (down):	3.50m
Height (up):	11.50m

Specifications

Pushdown:	8,000daN (80kN, 8,000kg)
Pullback:	12,000daN (120kN, 12,000kg)
Compressor:	Auxiliary – Sullair compressor
Rod Sloop:	Yes

Capacity / Depth

PCD/Hammer/Blade:	800m (99mm)
Diamond Coring:	700m (HQ), 600m (PQ)
